SOUTHERN END
OF THE GREAT
BARRIER
REEF**

ACTIVITY INFORMATION

Community Participation

We assist with community and recreational activities, providing support throughout events. You'll have the chance to take part in a wide range of activities that reflect your personal interests and help you stay engaged and connected.

Practical Skill Development

Our in-house mechanical workshop is designed to foster initiative through hands-on activities customized to meet clients' needs. Guided by a certified mechanic and supportive staff, we enhance participants' knowledge, skills, and understanding of various fields or topics.

Bricks For Life

We offer specialized programs designed to boost cognitive and fine motor skills through interactive brick-based activities. Participants are encouraged to communicate, problem-solve, and enjoy experiences through cooperative LEGO® play.

Camping & Outdoor Based Activities

Capacity-building camping is designed to assist individuals in achieving their personal goals and aspirations for independence and well-being within the community. We support a variety of outdoor activities along with ideal camping locations.

School Holiday

At LifeDynamix, we focus on helping individuals achieve their personal goals. Each school holiday, we introduce new programs while continuing to offer our most popular activities.
